

PUBLIC TRAINING

GHG Emissions & Net Zero Transition

Designed for professionals ready to master carbon accounting, map Scope 1–3 emissions, and build bulletproof net-zero strategies that turn compliance into a competitive edge.

Cut GHG emissions to drive compliance and competitiveness.

Greenhouse gas (GHG) emissions are at the heart of climate action and a critical focus in ESG reporting. With growing regulatory requirements, investor pressure, and market expectations, organisations must go beyond basic measurement to actively manage and reduce their emissions. Effective GHG management is not only a compliance exercise but also a pathway to cost savings, innovation, and long-term competitiveness.

This workshop equips learners with the knowledge and tools to measure, manage and strategically reduce GHG emissions across operations and supply chains. It covers the fundamentals of Scope 1, 2 and 3 emissions, introduces recognised standards such as ISO 14064 and the GHG Protocol and explores practical methods for carbon accounting and reporting. Learners will learn how to identify emissions hotspots, build a strategic roadmap for net zero and understand the role of carbon markets, policies and risks. Real-world case studies and emerging innovations will provide insight into how businesses can align with global climate goals and seize opportunities in the low-carbon economy.

Fees

RM 1,800 per pax

(HRD claimable | Limited seats – reserve now)

Group discounts available on-request.

Learning Outcomes

- **Understand GHG emissions and reporting standards:** Grasp greenhouse gas fundamentals, climate impacts, and apply ISO 14064, the GHG Protocol, and ESG frameworks.
- **Measure, manage, and reduce emissions strategically:** Track Scope 1, 2, and 3 emissions, identify hotspots, prioritise reductions, & engage suppliers for effective carbon management.
- **Develop a roadmap for net zero and navigate climate opportunities:** Set science-based targets, embed decarbonisation pathways into strategy, and leverage carbon markets and policy trends to manage risks and capture opportunities.

What We Will Cover

- **GHG Fundamentals & Reporting**

Climate science, emissions basics, ISO 14064, GHG Protocol, and ESG reporting frameworks.

- **Measuring & Managing Emissions**

Tools, emissions mapping, hotspot analysis, and Scope 1–3 reduction strategies.

- **Net Zero Roadmap & Carbon Strategy**

Science-based targets, decarbonisation pathways, carbon markets, policies, and emerging trends.

Modules

Topics explored in this training include:

Fundamentals of GHG Emissions

- Understand Scope 1, 2, and 3 emissions, with key standards like ISO 14064, GHG Protocol, and IPCC guidelines.

Measuring & Reporting Emissions

- Explore data collection, carbon accounting tools, and ESG reporting frameworks (GRI 305, IFRS S2, Bursa Malaysia).

Mapping & Managing GHG Emissions

- Identify emissions hotspots, engage suppliers for Scope 3, and use dashboards and risk tools to prioritise action.

Net Zero Strategy & Roadmap

- Set science-based targets and apply decarbonisation pathways while embedding climate strategy into business planning.

Carbon Markets & Credits

- Understand compliance vs. voluntary markets, offsets vs. insetting, and regional developments in ASEAN and Malaysia.

Policy, Risks & Opportunities

- Navigate global and local policies, assess climate risks, and capture opportunities in green finance and innovation.

Case Studies & Future Outlook

- Learn from leaders, explore innovations (CCUS, hydrogen), and move toward climate-positive business models.

PUBLIC TRAINING

GHG Emissions & Net Zero Transition

Meet your trainer:

Khairull Hafiz Ismail

ESG consultant, Business Transformation Professional

Khairull Hafiz Ismail is an ESG consultant, trainer, and business transformation professional with over 20 years of experience spanning plantation operations, engineering, sustainability, and corporate leadership. He specialises in helping organisations translate ESG from a compliance requirement into practical business value through consultancy, capability building, and implementation. His expertise includes ESG strategy, GHG accounting and decarbonisation, sustainability reporting, materiality assessments, ESG governance, due diligence, operational excellence, and customised corporate training. Khairull has advised listed companies, government agencies, and SMEs across multiple industries, delivering practical, industry-focused solutions that strengthen organisational resilience, enhance competitiveness, and support long-term sustainable growth.

Tools and Resources

Participants who attend this course will receive:

- Comprehensive training materials, including full slides and key resources
- A Certificate of Completion from Fuller Academy
- Lunch and refreshments for a comfortable learning experience
- Opportunities for networking with like-minded professionals

Section E: Terms and Conditions

REGISTRATION

Course confirmation slip must be sent to Fuller Impact Sdn Bhd, no later than fourteen (14) working days before commencement of course. Fuller Impact Sdn Bhd also reserves the right to make alternative arrangements without prior notice should it be necessary to do so. Upon registering, you are deemed to have read and accepted the terms and conditions herein.

PAYMENT

Payment must be made before the commencement of the course or on the first day of the course and made payable to Fuller Impact Sdn Bhd. Official receipt will be issued once a payment has been made. A confirmation email will be sent to you at least one week before training once your application is approved.

CERTIFICATE OF COMPLETION

All participants are required to present photo identification at the point of registration prior to signing the registration list when attending the programme. Course certificate will be awarded to participants who attended no less than 80% of the course.

CANCELLATIONS

Cancellations are non-refundable. A substitute candidate may be made at no extra charge. Please provide the name, position, and IC number of the substitute at least three (3) days before the course. All cancellations must be made in writing and notified no less than seven (7) working days prior to the course commencement date. No refunds will be made for any participants who fail to show up for course.

COPYRIGHT

No part of the programme or materials may be reproduced in any form, stored in a retrieval system, transmitted by any means electronically or mechanically, photocopied, or recorded, without the prior permission of the author.

DISCLAIMER

All workshops are HRDC claimable. Please note that for Human Resource Development Corporation (HRDC) claims, an upfront payment of 30% of the total approved course fee from the HRDC grant is required. HRDC grant approval must also be obtained at least fourteen (14) days prior to the commencement of the learning programme. CPD recognition varies by professional body. Please verify with your respective body before registering.
